Land Use 'Improper'

Half of Vancouver Island has been dedicated to an improper kind of land use, Dan Campbell (SC-Comox) charged in the legislature yesterday.

He said companies with forest management licences and timber licences are sitting on the natural access lines of the north end and west coast.

"Almost one-fifth of the people of B.C. live on Vancouver Island and the northern part is forever dedicated to this kind of development. I don't think that is the policy of this government.

"In terms of natural resource use . . . in terms of common development . . . it is now improper use," he said.

Two forest management licences are pending in the area and when an inquiry comes up, he hoped the whole matter will come to the attention of the government.

Mr. Campbell said roads in the north end ride through private territory. Natural access to Buttle Lake is by the privately-owned road to Tahsis, which the government should take over.

He lashed out at road-user charges charged by the owners.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH today at drug counters everywhere.

Take Park Group Asks

PORT ALBERNI — The Chamber of Commerce will urge the department of recreation and conservation to take over Smith's Landing Park on Sproat Lake as a provincial park.

The lakeside property has been developed and maintained by MacMillan & Bloedel Ltd. for the use of the public. The company recently offered to deed the park to the government.

Esquimalt Disagrees

Saanich Urges Family Court For Whole Area

Saanich favors establishment of a central family and juvenile court for Greater Victoria—but Esquimalt holds the opposite view.

Reeves of the two municipalities stated their opposing views at last night's meetings of the respective councils.

Saanich reeve George Chatterton said he was shocked when Police Chief W. A. Pearson described "conditions which exist now" in the municipality. He did not elaborate on the statement.

"We don't really need a family court," said Esquimalt reeve A. C. Wurtele, "Chief (Gilbert) Stancombe agrees that we have only three or four family matters a year that might require a family court."

The reeve said Esquimalt's own system of juvenile court and officers "works quite well."

Establishment of the central juvenile and family court was called for by Victoria Labor Council, backed by Community Welfare Council of Greater Victoria.

Reeve Wurtele said if other municipalities want to set up family and juvenile court, let them go ahead — "and we might join later."

Monty's Double Arrives

The man who impersonated Field Marshal Montgomery for five months in North Africa during 1944—and even fooled Monty's batman — arrives in Victoria today.

M. E. Clifton James, 51, a former pay corps lieutenant and character actor, will speak about his exploits to Victoria Kiwanis Club at 1 p.m. in the Empress.

For five months he took over Monty's duties, inspecting the troops of the British 8th Army in North Africa and attending to administrative duties, while in England Monty prepared plans for a military engagement.

Mr. James is to tour Canada, speaking in major centres. Tonight he will speak to the British Overseas League at Vancouver.

Cabinet to Be Asked To Halt Mine-Closing

OTTAWA (CP) — Recommendations aimed at staving off further mine closures in the Nova Scotia coalfields may be placed before the federal cabinet by a government interdepartmental committee late next week.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

Toronto, Ont. (Special) Announcement has been made of a new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished quickly and without discomfort of any kind. This new tablet does its work internally, through the blood stream. It deposits into every drop of blood plasma a medication which is carried to the sinus area, where it shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan Tablets. Dristan Tablets cost only $1.25 for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.
